VISAKHAPATNAM · NOVEMBER 2026

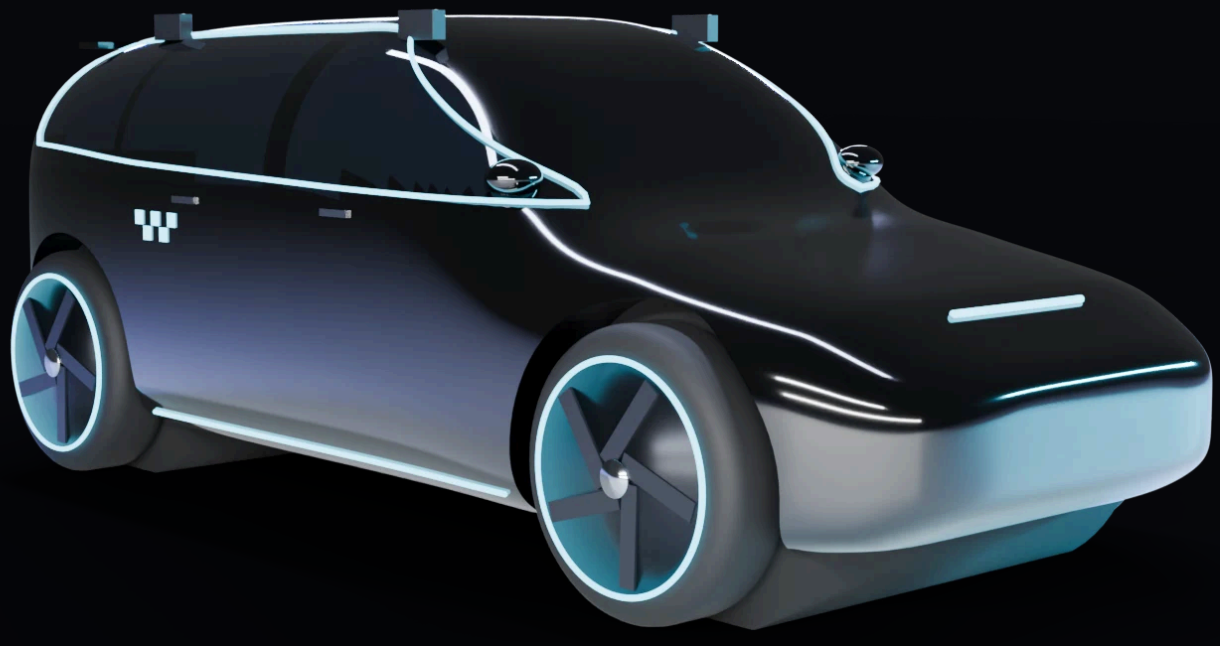

Arrive ahead. The brand, the voice and the product system.

ALL-ELECTRIC

₹18 PER KM, NO SURGE

SALARIED PILOTS

TELUGU · हिंदी · ENGLISH

INSIDE

Everything SAGA says, shows and ships, on one shelf.

This manual is the single reference for designers, developers, marketers, pilots and the operations team. The working apps are the proof of every rule written here.

01	The brand in brief	03	02	Positioning	04
03	How we stand out	05	04	Clear messaging	07
05	Where we're headed	08	06	Audiences & personas	09

23	Roadmap & open decisions	31			

01 · THE BRAND IN BRIEF

A remarkable fleet behind an unremarkable brand. Until now.

SAGA already has the hard parts: an all-electric fleet, company-owned cars, salaried pilots and a flat ₹18 per km fare. What it lacked was a brand that tells anyone this. This system fixes that.

₹18 PER KM
The same fare at 4 a.m., in the rain and on festival nights.

100% ELECTRIC
Every car is a SAGA ONE. Quiet, clean, checked before every shift.

0 SURGE · 0 BIDDING
Rides are assigned to salaried pilots, never auctioned.

What we found, and what we changed

TOUCHPOINT	WHAT WE FOUND	WHAT WE CHANGED
Store listing	Listed by an individual developer, two different app names, cash only.	One name, SAGA, an organisation account, new screenshots, UPI.
Website	"Coming soon" while the app is live; two names for the airport.	Store badges, one airport name: Bhogapuram International (Vizag).
Product	A generic ride-hailing flow that hid SAGA's advantages.	Five services built on planning ahead, a driver app and an ops command centre.
Identity	No logo system, palette, type or voice.	This manual: one mark, one palette, one type family, one voice.
Trust	The store declared location and contact data as shared with third parties.	Audit the SDKs and correct the declaration before launch.

02 · POSITIONING

Not a cab app. The coast's first predictive, electric mobility company.

Aggregator apps react: you ask, they search, you hope. SAGA plans ahead. Your ticket number, your weekly routine or your company's roster books the ride before you think about it. Owning the cars and employing the pilots is what makes that promise possible, and it is what no aggregator can copy.

POSITIONING STATEMENT

For travellers, families and organisations across Visakhapatnam and its nearby towns, SAGA is the electric mobility company that plans your ride before you need it. Unlike aggregator apps, every SAGA car is company-owned and every pilot is a salaried employee, so pickups are locked, prices are flat and nobody gets stranded.

Four brand pillars

A

Anticipation · We move first

Ticket-based airport booking, daily rides and shift dispatch. We earn trust by acting early and showing how we worked it out.

B

Pure energy · Every km is electric

Riders see the CO_2 they avoided after every ride, and it adds up to free rides.

C

Quiet precision · Calm and exact

No hype, no exclamation marks. Times to the minute, fares to the rupee.

D

Coastal pride · Built for Vizag first

Eastern Ghats, the Bay of Bengal, Telugu first. Future-facing, and from here.

● 03 · HOW WE STAND OUT

Everyone sells a ride. We sell certainty.

SAGA does not try to be the cheapest or the nearest. It is the ride you can plan your day around. Each answer below exists because SAGA owns its cars and employs its pilots.

WHAT PEOPLE WORRY ABOUT	TYPICAL CAB APP	AUTO-RICKSHAW	SAGA
Will it turn up?	Drivers can reject or cancel	Bargain at the roadside	**Assigned, not auctioned.** Salaried pilots can't refuse a job.
What will it cost?	Surge at peaks and in rain	Depends on the day	**₹18 per km, every hour.** No surge, ever.
Is it safe?	Varies by driver	No tracking	**Secure 360:** road camera, alerts reviewed by people, SOS, trip code, live sharing.
Will I miss my flight?	Book and hope at 4 a.m.	Not an option	**SAGA Fly** books from your ticket and moves the pickup if your flight moves.
Is the car decent?	Any car, any condition	Open, noisy, hot	**One clean, quiet SAGA ONE**, checked before every shift.
Good for the city?	Mostly petrol and diesel	Mostly CNG and petrol	**100% electric**, with the CO_2 saved on every receipt.
Can my parents use it?	Small text, many steps	Yes, but untracked	**Large text, one button per screen, voice in Telugu and Hindi**, and SAGA Assist.

03 · SIX PROOF POINTS

Six features that make the difference. Each one is hard to copy.

01

SAGA Fly · Book from your ticket

Type the PNR once. SAGA reads the flight, times the pickup and moves it if the flight is late.

02

Assigned rides · No cancellations

Dispatch assigns every ride to a salaried pilot. Riders never watch "searching for drivers" fail.

03

Flat fare · ₹18 per km, always

The fare on screen before you book is the fare you pay. Rain, festivals and midnight included.

04

Secure 360 · Safety you can see

The pilot starts the ride only after your trip code. Alerts are reviewed by a person, never by AI alone.

05

SAGA Saathi · Book by voice

Speak in Telugu, Hindi or English. Built for people who find apps hard, not only people in a hurry.

06

Green points · See the good you do

Every ride shows the CO_2 you avoided. Points add up to free rides.

WHY NO ONE ELSE CAN DO THIS

Aggregators don't own cars or employ drivers, so they can't guarantee a pickup, hold a price or plan charging. SAGA's model is the moat; the brand's job is to make it obvious.

04 · CLEAR MESSAGING

One promise, four proofs, said the same way everywhere.

THE PROMISE

Arrive ahead.

SAGA plans your ride before you need it, so you get there calm, on time and without surprises.

RELIABLE

It always turns up.

Owned cars, salaried pilots, assigned rides.

FAIR

The price never jumps.

₹18 per km at any hour. No hidden fees.

SAFE

Someone's watching out.

Secure 360, trip codes, live sharing, SOS.

CLEAN

Every km is electric.

Quiet cars and the CO_2 saved on every receipt.

USE	ENGLISH	TELUGU
Master line	Arrive ahead.	ముందే చేరుకోండి.
Reliability	The cab that doesn't cancel.	క్యాన్సిల్ చేయని క్యాబ్.
Price	₹18 a km. Rain or shine.	కి.మీకి ₹18. వాన వచ్చినా, ఎండ కాసినా.
Airport	Give us your PNR. We'll handle the 4 a.m.	మీ PNR ఇవ్వండి. తెల్లవారుజాము బాధ్యత మాది.
Safety	Your ride starts only when you say the code.	మీరు కోడ్ చెప్పినప్పుడే రైడ్ మొదలవుతుంది.

ALWAYS

Lead with the benefit, then the proof. Use real numbers: minutes, rupees, kilometres. Show the real car and real pilots.

NEVER

"Cheapest in town", "India's no. 1", "revolutionary", "AI-powered" as a headline, stock cars, or naming competitors.

05 · WHERE WE'RE HEADED

From a cab service to the way the coast moves.

The direction is a predictive mobility network for Andhra Pradesh's coastal cities and the towns around them, built on three assets: owned electric cars, employed pilots, and data that lets us plan rides before people ask.

NOW · 2026–27

The most trusted ride in Vizag

Airport, daily rides and business accounts. 200 cars. Voice booking in three languages. On-time above 98%.

NEXT · 2027–28

Across the coast

Kakinada, Rajahmundry, Vizianagaram and Srikakulam. Intercity trips with planned charging. Hospital and campus partners.

LATER · 2029+

A mobility network

Shared shuttles on predicted routes, links to rail and buses, and fleet charging that supports the grid. Pilots stay in the car.

What will not change

Flat fares

No surge, at any size.

Salaried pilots

Employees, not gig workers.

People decide

Humans review every safety call.

Easy for all

An app a 70-year-old can use alone.

06 · AUDIENCES & PERSONAS

Seven people we design and write for. Name one in every brief.

AR

Ananya, 31

THE EARLY FLYER · MVP COLONY

LIFE	Pharma sales manager. Flies twice a month, often on the first flight.
WANTS	To sleep the night before a 6 a.m. flight without worrying about the cab.
FRUSTRATED BY	4 a.m. cancellations, surge, drivers asking for directions.
SAGA OFFERS	SAGA Fly, Comfort rides, business invoices.
REACH	App, Google search, LinkedIn · English

"Give us your PNR. We'll handle the 4 a.m."

VR

Venkata Rao, 68

THE CAREFUL ELDER · SEETHAMMADHARA

LIFE	Retired bank officer. Doctor every week, temple on Saturdays. Family lives abroad.
WANTS	To get around independently, with someone trustworthy and a clear fare.
FRUSTRATED BY	Small text, English-only apps, being rushed, overcharging.
SAGA OFFERS	Voice booking in Telugu, SAGA Assist, the same pilot each week.
REACH	WhatsApp, phone, family, newspapers · Telugu

"మీరు మాట్లాడితే చాలు. మిగతాది మేం చూసుకుంటాం."

LN

Lakshmi, 38

THE PLANNING PARENT · MADHURAWADA

LIFE	Works in a bank. Two children at a school 7 km away.
WANTS	A safe, same-pilot school run to watch live from work.
FRUSTRATED BY	Not knowing who is driving the children. Late, crowded vans.
SAGA OFFERS	SAGA Loop, live sharing, trip codes, a monthly price.
REACH	WhatsApp groups, Instagram, schools · Telugu, English

"Same pilot. Same time. You see every km."

AK

Arjun, 21

THE STUDENT · GAJUWAKA

LIFE	Engineering student with a part-time job and weekend plans.
WANTS	A fair price, and a brand that matches personal values on climate.
FRUSTRATED BY	Surge on weekend nights, bargaining with autos.
SAGA OFFERS	Flat fares, green points, group day trips.
REACH	Instagram, YouTube Shorts, campus · English, Telugu

"Same fare at midnight. Free rides from your CO_2."

MT

Meghana, 34

THE COMPANY BUYER · RUSHIKONDA IT PARK

LIFE	HR and admin lead for 600 staff on shifts, including night shifts.
WANTS	Safe shift transport, one monthly invoice, emissions data for ESG.
FRUSTRATED BY	No-show vendors, manual rosters, safety complaints.
SAGA OFFERS	SAGA Business, roster upload, Secure 360 reports, CO_2 data.
REACH	Sales meetings, LinkedIn, case studies · English

"Upload the roster. Everyone home safe, one invoice."

RS

Rohit's family, 42

THE WEEKEND EXPLORER · FROM HYDERABAD

LIFE	Visits Vizag twice a year with family for Araku and the beaches.
WANTS	A planned day with a pilot who knows the route, no bargaining.
FRUSTRATED BY	Operators quoting different prices, unsafe ghat driving.
SAGA OFFERS	SAGA Tales day trips, airport pickup, Voyage.
REACH	Google, Meta travel ads, hotels · English, Hindi

"Araku in a day. One price, all-inclusive."

SK

Suresh, 45

THE FIRST-TIMER · ANAKAPALLI

LIFE	Runs a hardware shop in a smaller town. Uses mainly WhatsApp and YouTube.
WANTS	To reach the city hospital or station without hiring a car for the day.
FRUSTRATED BY	Apps that ask too much, unclear prices, no-shows.
SAGA OFFERS	Voice booking, call-to-book, cash or UPI, fare shown first.
REACH	WhatsApp, cable TV, bus-stand posters · Telugu

"ఒక్క కాల్. ధర ముందే తెలుస్తుంది."

Inside SAGA

PILOTS AND STAFF

Pilots are an audience too. Ravi, 34, a former auto driver, joined SAGA for a fixed salary, weekends off and respect.

- Call them pilots, never "driver partners".
- Recognise safe driving in public.
- Performance messages wait until the shift ends.
- Every rule in this manual applies to how we speak to our own people.

06 · ONE BRAND, MANY AUDIENCES

The promise stays. The lead message, tone and channel change.

AUDIENCE	LEAD WITH	TONE	LANGUAGE	MAIN CHANNELS
Frequent flyers	Never miss a flight	Crisp, time-exact	English	App, Google search, LinkedIn
Elders	Easy, safe, help at hand	Patient, respectful	Telugu first	WhatsApp, phone, print
Parents	Same pilot, live tracking	Reassuring, specific	Telugu, English	WhatsApp, Instagram, schools
Students	Fair price, green points	Light, a little playful	English, Telugu	Instagram, Shorts, campus
Companies	Safety, one invoice, ESG data	Professional, evidence-led	English	Sales, LinkedIn, case studies
Tourists	A planned day, one price	Inviting, local pride	English, Hindi	Google, Meta, hotels
Smaller towns	Know the fare before you go	Simple, neighbourly	Telugu	WhatsApp, cable TV, posters

Three questions for every brief

1

Who is it for?

Name the persona. A message for everyone reaches no one.

2

Which proof?

Reliable, fair, safe or clean. Pick one; never all four at once.

3

What happens next?

One clear action: book, add your PNR, start a Loop, call us.

07 · BRAND ARCHITECTURE

One master brand, short product words.

SAGA is always the hero. Each service is one plain word that describes the job. In the app, the plain name always comes first: "Airport rides · SAGA Fly".

NAME	PLAIN NAME IN THE APP	WHAT IT IS	SAY IT LIKE
SAGA Fly	Airport rides	Airport rides booked from a PNR, re-timed for delays	"Book with SAGA Fly"
SAGA Loop	Daily rides	School, college and office rides on a schedule	"Start a Loop"
SAGA Voyage	Outstation	Intercity trips with planned charging stops	"Plan a Voyage"
SAGA Tales	Day trips	Curated day trips, one price, door to door	"The Araku Valley Tale"
SAGA Business	Business	Shift and campus transport for organisations	"SAGA Business for your team"
SAGA Saathi	Voice assistant	Book and ask by voice in Telugu, Hindi, English	"Just ask Saathi"
Green points	Green points	Points for CO_2 avoided, spent on rides	"+30 green points"
Secure 360	Safety	Road camera, attention alerts, SOS, trip code	"Secure 360 is on"
SAGA Pilots	Your pilot	Salaried, trained drivers	"Your pilot, Ravi"
SAGA ONE	Your car	The vehicle platform and livery	"SAGA ONE · AP 39 EV 2147"

08 · PERSONALITY

A calm navigator with a warm heart.

If SAGA were a person, it would be the friend who works in air traffic control: always a step ahead, quietly technical, never showing off, and the first to call when something changes. Futuristic in what we build. Human in how we speak.

ANTICIPATING

One step ahead

Tells you before you ask: the flight is late, the pickup moved.

CALM

Never in a hurry

No exclamation marks, no countdown pressure.

EXACT

Numbers, not adjectives

"4 min", "₹749", "3.0 kg CO_2". Precision is respect.

WARM

Like family who drives

Greets by name, remembers you like the AC at 24°.

HONEST

Owns mistakes

If we're late, we say so first and make it right.

LOCAL

From the coast

Telugu first, knows the city by its landmarks.

Where we sit

WE ARE

Confident · advanced · caring · premium in quality · proudly local

WE ARE NOT

Boastful · cold or robotic · sugary · expensive or exclusive · small-town

09 · VOICE & TONE

One voice. The tone changes with the moment.

Our voice never changes: calm, exact, warm. Our tone adjusts to what the person is going through. A booking confirmation can smile; a safety message must not.

1

Fact first

"Pickup moved to 04:42. Your flight is 25 min late."

2

One person

"Ravi is at Gate 2." Not "your driver partner has arrived".

3

Short

Headlines under 12 words, messages under 25.

4

Same words

"Trip code", "pilot", "green points", everywhere.

MOMENT	TONE	EXAMPLE
Booked	Reassuring, quietly pleased	"Done. Ravi will pick you up at 04:17. Sleep well."
Waiting	Informative, live	"Ravi is 3 min away. Black SAGA ONE, AP 39 EV 2147."
Something changed	Proactive, solution first	"Your flight is 25 min late, so we moved your pickup to 04:42."
We got it wrong	Honest, brief	"We're sorry, we were 8 min late. ₹50 is back in your wallet."
Safety	Serious, clear, unbranded	"SOS received. Our safety team is calling you now."
Celebration	Warm, a little proud	"100 rides. You've saved 62 kg of CO_2. Thank you."
Payment	Plain, transparent	"₹749 paid by UPI. 41.6 km × ₹18."
Offers	Inviting, never pushy	"Araku this Sunday? A full day for ₹4,140."

09 · WORDS AND LANGUAGES

Three languages, one voice.

Telugu, Hindi and English are written by people, not machine-translated. Telugu copy uses everyday spoken Telugu. Respectful forms are the default (మీరు, आप). Numbers, times and prices stay in Western digits in every language so they scan at a glance.

WORDS WE USE

Pilot · trip code · pickup · arrive · planned · electric · green points · on time · we're sorry · thank you

WORDS WE AVOID

Driver partner · surge · oops · hurry · limited time · revolutionary · AI-powered in headlines · emoji in the app · ALL CAPS

SCREEN TEXT	ENGLISH	TELUGU	HINDI
Main question	Where are you going?	ఎక్కడికి వెళ్ళాలి?	कहाँ जाना है?
Primary action	Book SAGA Ride · ₹155	SAGA రైడ్ బుక్ చేయండి · ₹155	SAGA राइड बुक करें · ₹155
Arriving	Ravi is 4 min away	రవి 4 నిమిషాల దూరంలో ఉన్నారు	रवि 4 मिनट दूर हैं
Trip code	Your trip code	మీ ట్రిప్ కోడ్	आपका ट्रिप कोड
Help	Talk to a person	మనిషితో మాట్లాడండి	किसी व्यक्ति से बात करें

Writing checklist

Would a grandparent understand it?

If not, say it more simply.

Is there a number?

Replace "soon" with minutes and "cheap" with rupees.

Does it say what happens next?

Every message ends with the next step, or "nothing to do".

10 · TECH WITH A CONSCIENCE

Loaded with technology. Led by people.

SAGA uses AI, live 3D, voice and cameras. That only builds trust if people can see the technology working for them, not on them.

ETHICAL · FAIR BY DESIGN

- Pilots are salaried, with weekends off.
- No surge when people need us most.
- A person reviews every safety alert.
- Data plans rides; it is never sold. Footage is deleted after 7 days.
- The voice assistant confirms before booking or paying.

EMOTIONAL · MOMENTS THAT MATTER

- The calm of a 4 a.m. airport ride already handled.
- A parent watching the school run arrive.
- A grandparent booking alone, in Telugu.
- A pilot proud of a safety bonus.
- Seeing the CO_2 you saved, ride after ride.

RELATABLE · OF THIS PLACE

- Landmarks, not coordinates: "Gate 2, near the temple".
- Real pilots and riders in campaigns.
- Prices compared to everyday life.
- Festivals, monsoon and exam season in our stories.
- Tech explained the way you'd tell your parents.

FEATURE	DON'T SAY	SAY
AI dispatch	"AI-optimised predictive allocation engine"	"We plan your ride before you ask, so it's ready on time."
Secure 360	"Driver monitoring system"	"A road camera and attention alerts help pilots stay focused. People review every alert."
Voice	"Gemini-powered conversational AI"	"Just tell SAGA where you want to go, in Telugu, Hindi or English."
Live 3D	"Real-time 3D digital twin"	"Watch your car arrive and see the route ahead."
Electric	"Zero-emission sustainable mobility solutions"	"Every SAGA car is electric. Quieter rides, cleaner air."

11 · NOTIFICATIONS

Fewer messages. Each one useful.

Every notification answers one question the rider would otherwise have to ask. If it doesn't, we don't send it.

RULES

- Title: the fact, under 40 characters. Body: what it means, under 90.
- Times, plates and prices as numbers.
- Ride messages are never mixed with offers.
- No offers between 9 p.m. and 8 a.m.; at most 2 a week.
- Every message opens the screen it's about, in the rider's language.

PRIORITY AND CHANNEL

- **Critical** · SOS and safety: push, SMS and a call, sound on.
- **Ride** · pickup and arrival: push and lock-screen live activity.
- **Planned** · reminders and flight changes: push and WhatsApp.
- **Account** · receipts and points: in-app and email.
- **Offers** · opt-in only, in-app and WhatsApp.

SAGA · NOW

Ride booked for 04:17

Ravi will pick you up at MVP Colony, Gate 2. Sleep well.

OFFER · OPT-IN

Pilot notifications

NEW JOB

Ananya R. · MVP Colony Gate 2 · 04:17

Spoken aloud, one tap to acknowledge. Starts on its own after 10 seconds.

RULES FOR PILOTS

- Shorter than rider messages; read while working.
- No ratings or performance messages while driving.
- Charging and break reminders come from dispatch, not marketing.

12 · COMMUNICATION

The same SAGA in every place you meet us.

CHANNEL	PURPOSE	HOW WE SOUND	EXAMPLE
App	Book, track, pay	Shortest form, numbers first	"Ravi is 4 min away."
Voice · Saathi	Book and ask by speaking	Friendly; confirms before acting	"Route to RK Beach is ready, ₹155. Shall I book it?"
WhatsApp	Reminders, receipts, help	Conversational, still short	"Your Loop starts Monday at 07:30. Reply 1 to skip a day."
SMS	Backup for critical messages	Bare facts	"SAGA: Ravi, AP39EV2147, 04:17. Code 4827."
Phone	Help, elders, complaints	Patient, Telugu first	"Namaskaram, this is Divya from SAGA. How can I help?"
Email	Invoices, business reports	Professional, structured	"November: 1,284 rides, ₹4.2 L, 2.1 t CO_2 avoided."
Social	Stories, pilots, the city	Warm, local, real faces	"Meet Ravi. 6 years on Vizag roads, never late for a 4 a.m. flight."
In the car	Welcome, safety	Quiet; no ads in the first minute	"Welcome, Ananya. AC is at 24°. Seatbelt, please."
Outdoor	Awareness	One idea, big type, the car	"₹18 a km. Rain or shine."
Crisis	Incidents, outages	Facts, ownership, within 1 hour	"At 18:40 the app was down for 22 min. All booked rides ran."

DO

Use the rider's name and language. Say what happens next. Close the loop: "Your issue is fixed" beats "Ticket closed".

DON'T

Send one message on three channels at once, use copy-paste apologies, or reply in English to a Telugu message.

13 · USABLE BY EVERYONE

Striking to look at. Effortless at any age.

SAGA serves first-time app users in smaller towns as much as frequent flyers. The ambition lives in the 3D and motion; the interface stays plain, large and obvious. If a grandparent can book an airport ride alone, the design is working.

RULE	STANDARD
Text size	Body 16 px, never below 12 px. Grey text at least 4.5:1 contrast.
Touch targets	44 px minimum; primary buttons 52 px, full width.
Plain name first	"Airport rides · SAGA Fly", "Daily rides · SAGA Loop", "Green points".
Explain jargon	"Ticket number (PNR), the 6 letters on your ticket."
One main action	One blue button per screen. Everything else is secondary.
Labels always visible	Tab bar shows icon and word together.
Help in reach	"Talk to a person" on Home, SOS on every live ride, voice in three languages.
Motion with purpose	Animations show where things came from or that something worked. Reduced-motion is always respected.

14 · LOGO

The racetrack S: two lanes, one turn back, an arrival node.

The monogram is one continuous lane, the same line of light that runs along the SAGA ONE. It turns back like a ghat road and ends one beat before a node: the pickup, reached ahead of time. The wordmark drops the A crossbars so the letters read as forward chevrons.

Primary · on black

App icon · on SAGA Blue

Wordmark · on light

Wordmark · on black

CLEAR SPACE

One stroke width around the monogram; one A cap height around the wordmark.

MINIMUM SIZE

Monogram 16 px or 5 mm. Wordmark 64 px or 18 mm wide.

NEVER

Rotate, squash, recolour outside the palette, or drop the gap and node.

15 · COLOUR

Black and blue for the brand moments. White for reading.

Black and SAGA Blue carry heroes, the tab bar and live panels. White and paper grey carry everything people read, so it stays legible in daylight and for older eyes. Cyan appears only for live, technical moments.

Night
#07080C · heroes, tab bar

SAGA Blue
#092EC9 · brand, actions

Blue on dark
#2449F0 · actions on black

Cyan
#33C6F0 · live, tech only

White
#FFFFFF · cards

Paper
#F2F4F9 · backgrounds

Green
#0E8F5B · eco, success

Red
#C8243C · SOS, errors only

Proportion on a typical screen

58 paper · 20 white cards · 12 night · 7 SAGA Blue · 2 cyan · 1 green. Text is #0A0D18, with #454B59 and #7A8090 for secondary text.

DO

Use one blue button per screen. Use green only for eco and success, red only for safety and errors, always with an icon and a word.

DON'T

Use neon glows, gradients on text, cyan for buttons, or colour as the only signal.

16 · TYPOGRAPHY

One family for words, one mono for data. Nothing else.

Inter Tight does every word people read. JetBrains Mono is only for small labels and live data: plates, codes, times, kilometres. Telugu uses Noto Sans Telugu, which sits well beside Inter Tight. Three weights only: 400, 500, and 600 for buttons.

DISPLAY · 28 PX · 500	You arrived ahead.
TITLE · 24 PX · 500	Flying soon? We'll book your cab.
HEADING · 18 PX · 500	Choose your ride
BODY · 16 PX · 400	Ravi will pick you up at Gate 2. Share your trip code to start.
SMALL · 14 PX · 400	4 seats · 2 min away · ₹18 per km
LABEL · MONO 11 PX	ON THE WAY · AP 39 EV 2147 · 86%
TELUGU · 16 PX	ఎక్కడికి వెళ్ళాలి? రవి 4 నిమిషాల దూరంలో ఉన్నారు.

RULE	DETAIL
App scale	11 · 12 · 13 · 14 · 16 · 18 · 20 · 24 · 28 · 34 · 44 px. Nothing in between.
Tracking	−2% on 24 px and up; normal below. Mono labels +6% to +8%, uppercase.
Line height	1.12 for headings, 1.5 for body.
Two-tone headlines	Statement in ink, the continuation in grey, as on these pages.

17 · ICONS, LAYOUT & MOTION

A calm grid, one icon set, motion that explains.

ICONS

Lucide, 2 px stroke

One outline set at 20–24 px. Always paired with a word in navigation. No filled or multicolour icons.

SPACING

An 8-point grid

4 · 8 · 12 · 16 · 24 · 32 px. Screen margins 16 px; space between cards 12 px; between sections 24 px.

CARDS

Rounded, quiet

20 px corners, 16 px padding, a 1 px hairline or soft shadow. One idea per card.

MOTION	SPEC	USED FOR
Anticipate	Stagger 60 ms, rise 600 ms	Content arrives in order before you look for it.
Glide	cubic-bezier(.2,.8,.2,1)	Screens, cards and the car: fast start, long settle.
Roll	Odometer digits, 900 ms	ETA, fare, battery and CO_2 changes.
Lock	Ring draw, spring press	Commitments: booking, trip code accepted.
Live	2 s pulse	Something is happening now: the car moving, the mic listening.

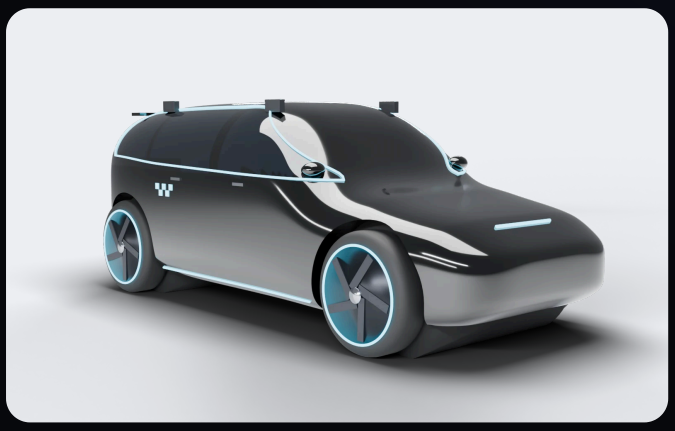

RULE

Every animation has a reduced-motion fallback that jumps to the end state. Nothing important is hidden behind an animation.

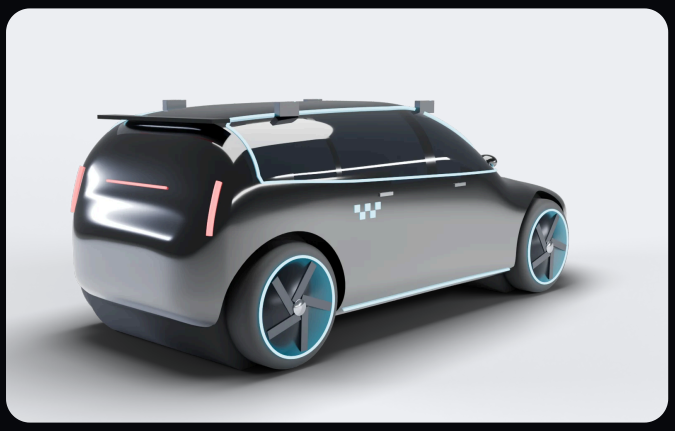

● 18 · 3D & IMAGERY

The real car, lit like a product, made in Blender.

Every render is the actual SAGA ONE: a compact black five-door electric hatchback with cyan LED lines, roof sensor pods and the checkered taxi mark. Studio light, one hero object, no neon.

LIGHT

Soft studio key from above, blue rim light on dark scenes.

LIVE 3D

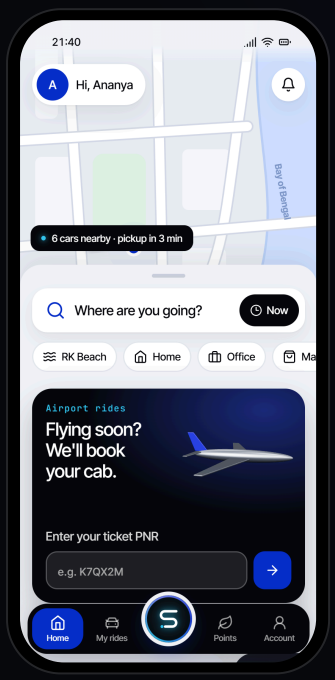

The same model drives the ride and navigation screens.

AVOID

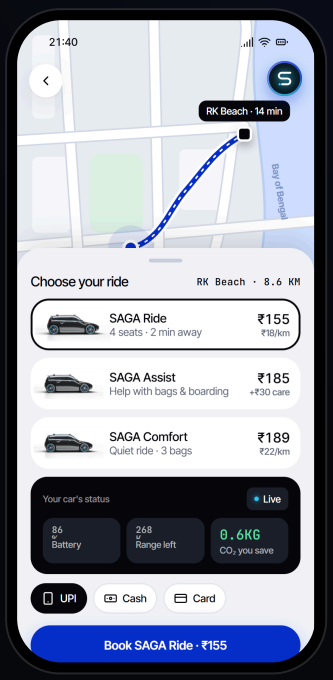

Stock cars, glowing grids, lens flares, and any car that isn't ours.

19 · RIDER APP

A ride first. Everything else, one swipe away.

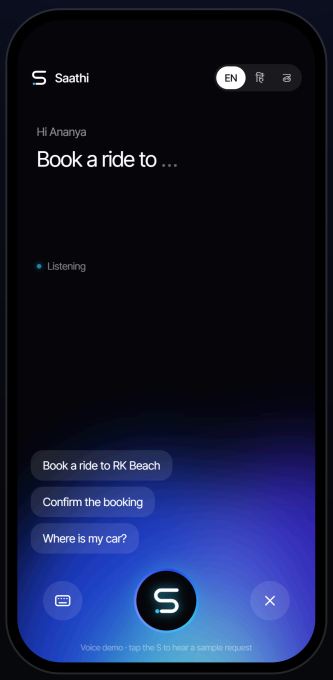

HOME

CHOOSE RIDE

CAR ARRIVING

SAATHI VOICE

HOME

Live map, "Where are you going?", the airport card and four service cards with working controls.

THE PILOT STARTS THE RIDE

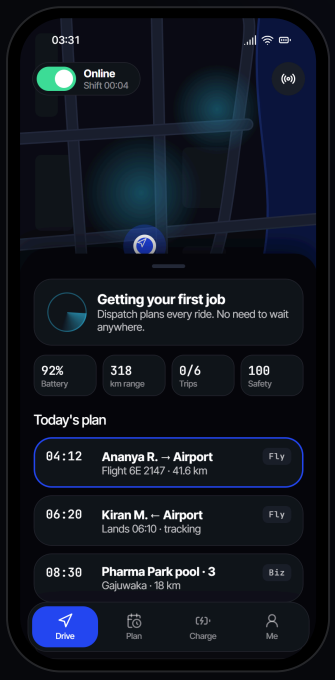

The rider shares a 4-digit code; the pilot types it in. No "start ride" button for riders.

SAGA SAATHI

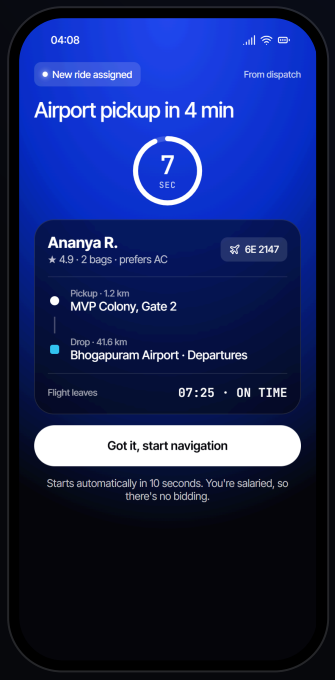

The glowing S in the middle of the nav bar opens Saathi. Book, track, cancel or SOS by voice in three languages.

● 19 · DRIVER APP AND OPS COMMAND CENTRE

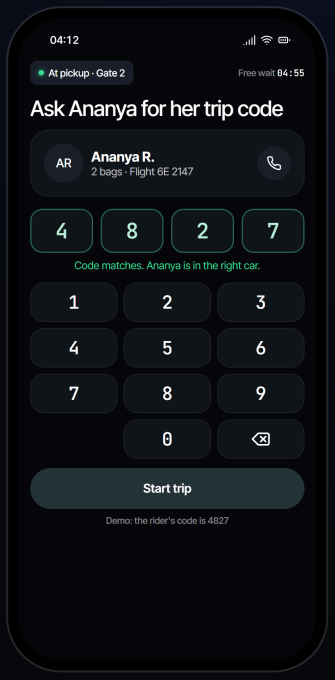

A work tool for pilots, one screen to run the region.

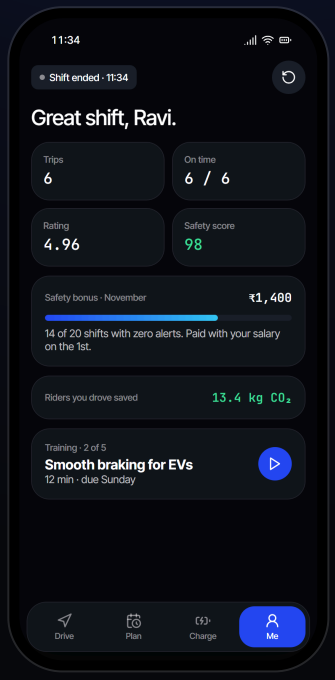

ONLINE · PLAN

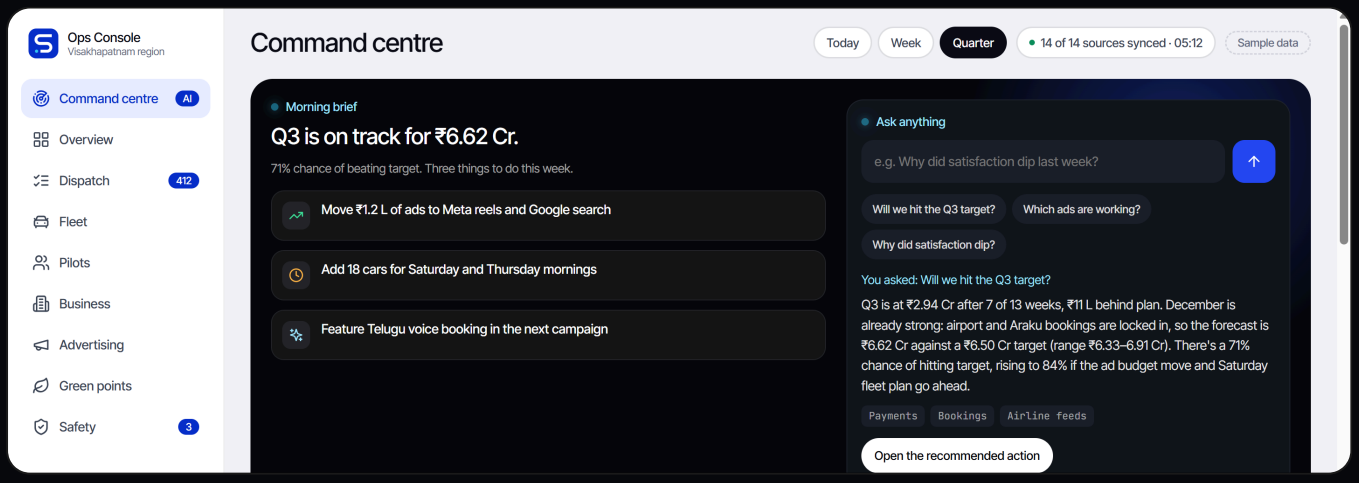

JOB ASSIGNED

TRIP CODE

SHIFT SUMMARY

OPS COMMAND CENTRE · REVENUE FORECAST, RANKED ACTIONS, MARKETING, CUSTOMER VOICE

20 · PRODUCT MODULES

Five services, one promise: the ride is ready before you are.

Every planned ride feeds the fleet planner, so SAGA knows tomorrow's demand tonight and can position cars, plan charging and staff shifts ahead of time.

SERVICE	HOW IT WORKS	KEY RULE
Airport rides SAGA FLY	PNR in, flight found, pickup computed, slide to book, pilot assigned 30 min before.	Pickup = departure − check-in lead − drive time − buffer. Re-planned if the flight moves 15+ min.
Daily rides SAGA LOOP	Choose a preset, days and times; see the monthly price; same pilot daily.	Skip a day by 21:00 the night before for a credit. Guardian live view for school runs.
Outstation SAGA VOYAGE	From and to, automatic charging stops, fare and time, book.	Charging stops at places people want to stop. Pilot rest built into the plan.
Day trips SAGA TALES	Pick a curated trip, one price, the same pilot all day.	Launch set: Araku Valley, Lambasingi Dawn, Vizag Coast.
Business SAGA BUSINESS	Upload a roster; riders are pooled by area into cars; one invoice.	Night-shift drops are tracked live by the company admin; Secure 360 reports monthly.

21 · GREEN POINTS AND ADVERTISING

Rewards that mean something.
Ads that never feel like noise.

HOW POINTS WORK

1 point = 100 g CO_2 avoided compared with a petrol cab. Points expire after 12 months.

WHAT THEY BUY

2,000 points: a free airport ride and priority daily-ride slots. 6,000: upgrades and partner experiences.

HONEST CLAIMS

Always "estimated CO_2 avoided", never "zero emissions". The method is published in the app.

PLACEMENT	WHERE	SAMPLE RATE
Home partner card	One per session: stays, food, travel.	₹180 CPM
Arrival offer	After the drop at airports, malls or a day-trip stop.	₹420 CPM
Rear-seat screen	Muted 15 s loops with the ETA always visible.	₹260 CPM
Day-trip partner stop	Homestays, cafés and guides inside itineraries.	Revenue share

ALWAYS

One ad per screen, labelled "Partner offer", relevant to the trip, capped per rider per day.

NEVER

Ads on live-ride, SOS, payment or trip-code screens, in student views, or for betting, alcohol or politics.

● 22 · LAUNCH CAMPAIGN

Arrive Ahead: the cars at night, then the product truth.

PHASE	WHAT WE DO	CHANNELS
0 · Fix WEEKS 1–4	New store listing and screenshots, one airport name, Google Business Profile, Telugu strings.	Owned
1 · Glow WEEKS 5–6	Night shoot of the fleet on Beach Road and the airport road. "The cars that glow" teasers.	Instagram, Shorts, local creators
2 · Arrive Ahead WEEKS 7–10	SAGA Fly launch: airport-road billboard, hotel and travel-agent partners, +200 points on the first PNR booking.	Outdoor, Google Search, Telugu radio
3 · Loop & Business MONTHS 3–6	Sales to IT parks, pharma zones and schools. Campus ambassadors. Give 200, get 200 referrals.	Direct sales, LinkedIn, WhatsApp
4 · Tales SEASON	Araku season with AP Tourism and homestays; a creator-led "48 hours of Tales".	Instagram, travel platforms

Headline bank

"Your cab was booked before you asked."

"₹18 a km. No surprises."

"Same pilot. Same minute. Every school day."

"Araku, without the bargaining."

23 · ROADMAP & OPEN DECISIONS

From manual to market in sixteen weeks.

WEEKS 1–3

Sign off the identity, build the component library, rebuild the store listing and website, choose the PNR data provider.

WEEKS 4–10

Airport rides, live ride and green points. UPI. Publish the CO_2 method. Fit Secure 360 after a privacy review.

WEEKS 10–16

Daily rides and campus, then the business console with roster upload and GST invoicing.

SEASON

Outstation charge planner and the first three day trips with partners.

Decisions for the SAGA team

PNR data	Provider and cost per lookup
Pricing	Comfort rate (₹22/km is a sample), daily-ride discount and skip credits, outstation return legs
Green points	A verified CO_2 factor and redemption value
Voice	Gemini speech and function calling, limited to the app's own actions; data and consent review
Livery	Lighting compliance with RTO rules
Advertising	Rate card, categories and rear-seat screen hardware
Pilots	Safety-bonus amounts and the training plan

Arrive ahead.
